For 65,978 acres of the tenanted land not resold, and for 43,694 acres of the untenanted land not resold, undertakings to purchase had been received by the Commissioners, but the lands had not been vested in the purchasers on the 31st March, 1909. Detailed particulars of the lands purchased but not resold by the Commissioners on 31st March, 1909, are given, by counties and provinces, in Table XXI. in the Appendix.

Loss under  
Sections 6  
(4) and 44.

In the year and during the period ended 31st March last, the Commissioners certified to the Lord Lieutenant in respectively 15 and 20 estates (congested within the meaning of Section 6 (5)) that the purchase and resale of the estates were desirable in view of the wants and circumstances of the tenants. In 2 of these 20 estates the resales have been completed without any loss within the meaning of Section 44, the necessary improvements having been made by means of grants from the Reserve Fund not repayable. As regards the remaining 18 estates, 16 have been purchased by the Commissioners and the purchase of two is pending. In 9 of these estates, purchased for £161,977, the Lord Lieutenant has directed that the conditions in Section 6 as to resale without prospect of loss may be relaxed to the extent of £10,650, or 6·6 per cent. on the purchase money, such loss, when incurred, to be charged on the Land Commission Vote pursuant to Section 44 (2). In the other cases the arrangements for resale are not yet sufficiently advanced to enable the estimate of loss on resale to be made.

It may be observed that the particulars in the foregoing paragraph refer only to those congested estates on the purchase and resale of which by the Commissioners it is contemplated that a loss chargeable on the Land Commission Vote should be incurred. The general operations of the Commissioners connected with the purchase and resale of untenanted land for the enlargement of holdings and relief of congestion are set forth on pages xi. and xii. of this Report, and the expenditure sanctioned out of the Reserve Fund for the benefit and improvement of estates is given on page xiv.

Detailed Summaries, by Counties and Provinces, of all advances made in the year and period under review, are given in Table XXIII. in the Appendix. The advances made exceeding the limits mentioned in Sections 1 (4), 2 (2) and 53 are classified in Table X.

There was a considerable increase in the amount of advances applied for in Direct Sales in the year ended 31st March last, as compared with the figures for the preceding year, i.e. £20,617,609 in 1908-9, as compared with £10,230,708 in 1907-8. The increase was due to the very large number of Purchase Agreements entered into during the period immediately preceding the Revision, under Section 43 (3) of the Irish Land Act, 1903, of the percentage payable as Bonus to Vendors out of the Land Purchase Aid Fund—no less than 38,345 Purchase Agreements in respect of 1,301 Estates, and making application for advances of £10,929,285 were lodged in the month of October alone.

In the period from 24th November, 1908 (on which date the Treasury published notification of the Revision of the Bonus) to 31st March, 1909, 4,574 Purchase Agreements were lodged, representing a Purchase Money of £962,920 including 4,247 Agreements for £863,662 entered into before 24th November, 1908.

The total Advances made by the Commissioners in the year ended 31st March last, i.e. £6,430,469 exceeded those made in any previous year since the passing of the Irish Land Act, 1903.

The total Purchase Money advanced by the Estates Commissioners in the period since the commencement of the Act up to the 31st March last, amounted to £26,967,431.

The total fees sanctioned amounted to £82,631 13s. 7d., which sum represents an average percentage of 2·6 on the aggregate purchase moneys. The total amount of fees sanctioned from the commencement of the Act up to the 31st March, 1909, was £274,457 12s. 2d., in respect of 943 estates, the average percentage being 2·5.

During the year under review, fees amounting to £2,277 6s. 11d. were, with the assent of the Treasury, paid, under section 23, s.s. 11, as part of the expenses of the Land Commission to negotiators of sales of estates to the Commissioners under sections 6, 7 and 8, this sum representing 0·51 per cent. on the aggregate purchase moneys. The total amount paid during the period from the commencement of the Act up to 31st March, 1909, was £7,961 7s. 3d., this sum representing 0·53 per cent. on the aggregate purchase moneys. In the case of estates sold to the Land Commission, the duties of the Negotiator are, as a rule, confined to negotiating the sale of the property to the Commissioners; the arrangements for the resale to the tenants, including the striping and allotment of untenanted land, the re-arrangement, enlargement, and improvement of holdings, are carried out by their Inspectors and other officials.

### *Questions of Law (Section 23, s.s. 1).*

In the year ended 31st March, 1909, the Judicial Commissioner decided 17 questions of Law referred by the Estates Commissioners, pursuant to Section 23 (1) of the Act, making a total number of 91 decided in the period from 1st November, 1903, to 31st March, 1909.

## XV.

*Accommodation for Labourers.*

During the period ended 31st March, 1909, the Commissioners forwarded to Rural District Councils and to the Local Government Board 189 representations or reports advising that 241 cottages should be erected to supply the needs of 204 holdings. 18 representations or reports were transmitted in the year for the erection of 38 cottages to supply the needs of 37 holdings.

Information as to the Advances made to Rural Councils pursuant to Section 16 of the Labourers Act, 1906, is given in the Report of the Irish Land Commissioners for the year ending 31st March, 1909.

## XVI.

*Sporting Rights (Section 13).*

In the 2,731 estates for the purchase of which advances were made during the period from 1st November, 1903, to the 31st March, 1909, the sporting rights were dealt with as follows:—

In 62 estates exclusive sporting rights were preserved to superior landlords.

In 2,669 estates sporting rights within the definition of Section 13, s.a. 2, of the Irish Land Act, 1903, were vested as follows:—In 1,882 estates in the purchasers; in 435 in the vendors; in 172 in the purchasers concurrently with the superior landlords; in 2 partly in the purchasers and partly in the superior landlord; in 3 partly in the purchasers and partly in the Land Commission; in 43 in the vendors concurrently with the superior landlords; in 22 in the Land Commission concurrently with the superior landlords; in 47 partly in the purchasers and partly in the vendors; in 1 partly in the vendor and partly in the Land Commission; and in 62 in the Land Commission.

It will be observed that the number of estates in which the exclusive sporting rights have been vested in the Land Commission is small, and it has not been found that the sporting rights on these Estates are of value. In 3 cases, however, the sporting rights have been leased by the Commissioners.

## XVII.

*Mines and Minerals (Section 13).*

In the 2,731 estates, for the purchase of which advances were made during the period from 1st November, 1903, to the 31st March, 1909, the right of mining and taking minerals was dealt with as follows:—

In 2,341 estates they were reserved to the Land Commission; in 290 to the superior landlords; in 94 partly to the superior landlords and partly to the Land Commission; in 1 partly to the vendor and partly to the Land Commission; in 1 partly to the purchaser, partly to the vendor, and partly to the Land Commission; in 1 partly to the superior landlord and partly to the vendor; and in 3 to the vendor. In the case of one holding on an Estate the mining rights were vested in the purchaser.

## XVIII.

*Reservation of Ancient Monuments (Section 14).*

In the case of 31 ancient or mediæval monuments situate on Estates being sold under the Act, the Commissioners of Public Works or the Councils of the following Counties have intimated their willingness to have the monuments vested in them under Section 14, i.e. Commissioners of Public Works, 7 (in one of these cases, on the tenant's giving an undertaking to keep the monument in repair, it was vested in him along with the holding)—Cavan, 1; Cork, 3; Down, 3; Galway, 3; Kildare, 1; Kilkenny, 1; King's County, 2; Queen's County, 1; Tipperary, 2; Tyrone, 1; Waterford, 1; Westmeath, 4; Wexford, 1.

## XIX.

*Evicted Tenants.*

Applications by evicted tenants or their representatives are made under Sub-section 1 (d) of Section 2 of the Irish Land Act, 1903, which provides that advances for the purchase of parcels of land may be made to, amongst others :—

“ A person who within twenty-five years before the passing of this Act was the tenant of a holding, to which the Land Law Acts apply, and who is not at the date of the purchase the tenant or proprietor of that holding; Provided that in the case of the death of a person to whom an advance under this paragraph might otherwise have been made, the advance may be made to a person nominated by the Land Commission as the personal representative of the deceased person.”

Section 2  
(1) (d) of  
Irish Land  
Act, 1903.

At the time the Act of 1903 came into operation, the Estates Commissioners had no direct evidence of the number of persons who might be expected to apply pursuant to this Sub-section. It appears, however, from the Report of the Evicted Tenants Commission, dated the 25th February, 1893 (Parliamentary Paper Cd. 6935 of 1893), that there were on the seventeen Plan of Campaign Estates enquired into by the Commission, 884 tenants out of occupation of their holdings at the date of the Report, also that 2,755 applications had been received by that Commission from evicted tenants or their representatives in respect of Estates other than the Plan of Campaign Estates specially enquired into by that Commission, making a total at that date of 3,639 applicants.

Applications to the Estates Commissioners under Section 2 (1) (d) of the Act of 1903, began to come in as soon as the Act came into operation, and have been received in the following numbers :—

In their Special Report, dated the 11th June, 1907 (Cd. No. 3570 of 1907), the Commissioners summarised the result of their proceedings up to the 31st May, 1907, in respect of the applications received to that date, and explained their practice and the principles they act on in dealing with applications.

Special  
Report of  
June, 1907.

Of the applications received to 31st March last, 1,302 were outside the provisions of Section 2 (1) (d), the applicants having been evicted from their holdings more than 25 years before the passing of the Act or from holdings to which the Land Law Acts do not apply; 4,151 applications were rejected by the Commissioners after inquiry, for one or other of the reasons mentioned in paragraph 20 of the Special Report of 11th June, 1907, making a total of 5,453 applications rejected.

No. of  
applications  
rejected.

On the 31st March last, 1,451 evicted tenants (or their representatives) had been reinstated in their former holdings or provided with other holdings by landlords, with the assistance where necessary of grants by the Commissioners, and 713 were reinstated or provided with other holdings by the Commissioners on Estates purchased by them, making a total of 2,163 evicted tenants reinstated or provided with other holdings to 31st March last.

No. of  
Evicted  
Tenants  
reinstated  
or provided  
with new  
holdings.

It should be explained that in the case of 376 of the 1,451 reinstated by landlords, the restoration was the direct result of the intervention by the Commissioners, and at prices suggested and sanctioned by them, but, as the Estates on which the holdings were situate were being sold direct by the owners to the tenants, the owners entered into agreements direct with the evicted tenants at the prices estimated by the Commissioners.

Of the balance (3,660) of the applications received up to 31st March, 1909, a large proportion are applications received since the date specified in the Evicted Tenants Act, which will not be inquired into until the estate on which the former holdings of the applicants are situate is being dealt with under the Irish Land Act, 1903.

The Returns published quarterly, in compliance with Section 3 of the Evicted Tenants Act, give detailed particulars of all evicted tenants, or their representatives, reinstated as purchasers on Estates sold or proposed to be sold through the Estates Commissioners.

Assistance given by Commissioners out of Reserve Fund to reinstated tenants.

During the year ended the 31st March, 1909, the Commissioners authorized, in connection with the reinstatement of evicted tenants, the expenditure of £77,784 9s. 0d. (of which £58,519 9s. 0d. was by way of free grant) out of the Reserve Fund for the improvement of holdings, erection of buildings, purchase of live stock, compensation to existing tenants on surrendering evicted lands, &c., bringing up the expenditure sanctioned for these purposes during the period ended 31st March, 1909, to £175,806 7s. 10d., of which £140,448 7s. 10d. was by way of free grant.

Difficulties experienced in providing new holdings for Evicted Tenants noted as suitable.

The Commissioners have found that the difficulties referred to in the following statement made in their last annual report have increased rather than diminished in the interval:—

"They (the Commissioners) find that where they have acquired untenanted land, and have offered new holdings on it to evicted tenants whose former holdings are now in the occupation of *bona fide* tenants who cannot be disturbed, the evicted tenants have in several cases refused to accept new holdings, expecting to be restored to those from which they were evicted. In other and more numerous cases the people of the locality state that the untenanted land acquired, or proposed to be acquired, by the Commissioners, should be reserved for themselves, and oppose the allocation of any portion of it to tenants evicted from other properties whose former holdings cannot be acquired, and consequently the evicted tenants, though at first willing to take the new holdings, subsequently refused to do so. These difficulties are greatest in counties where there is a number of evicted tenants whose former holdings are occupied by *bona fide* tenants, while the amount of untenanted land available is small in comparison with the demands for it. The experience of the Commissioners is that the holders of numerous holdings and the sons of tenants think they have a better claim to land in their own locality than evicted tenants from another locality, and they have little sympathy with evicted tenants from other properties, and still less with those of other counties."

Plan of Campaign Estate.

Since the date of their last annual report the Hannah Lewis Estate, County Galway, has been acquired under the provisions of the Evicted Tenants Act, 1907, and 20 evicted tenants have been, or are in course of being, reinstated thereon. The only Plan of Campaign Estate enquired into by the Evicted Tenants Commission, 1893, which has not been settled, is the Clanricarde Estate, County Galway.

Evicted Tenants Act, 1907.

Under the provisions of the Evicted Tenants Act, 1907, the Estates Commissioners had acquired up to 30th June, 1909, in the case of 44 estates land comprising 12,739a. 2s. 39r., including turbary and mountain, and of this area 10,010a. 3s. 5r. have been allotted to 197 evicted tenants, 81a. 3s. 20r. to the occupier of an evicted farm which he surrendered, and 2,339a. 1s. 30r., to persons coming within Section 14 of the Evicted Tenants Act, 1907, and the residue, 307a. 2s. 24r., has not yet been allotted. In addition, proceedings are pending in respect of 22,854a. 1s. 22r., situate on 93 estates.

Difficulties of acquiring lands under Evicted Tenants Act, 1907.

It is necessary to call attention to the difficulties that have arisen in putting into force the provisions of the Evicted Tenants Act, 1907, and to refer to some decisions of the Courts and the result of these decisions.

The procedure adopted by the Commissioners in acquiring land under the Act is outlined in the Rules made by the Judicial Commissioner and the Estates Commissioners and approved by the Lord Lieutenant, and may be stated as follows:—

To enable the Commissioners to ascertain what lands were available for acquisition under the Act, they consulted the books of the Commissioner of Valuation which was the only practical source from which they could obtain particulars of the situation and character of untenanted lands. These books purport to give the names of owners in fee who pay the rates for untenanted lands, also the valuation, area, and whether the land is demesne or other land in the owner's occupation. Where it appeared that the untenanted land was held by the owner in fee, and that its character and valuation were such as to make it *prima facie* suitable for the purposes of the Act, a notice was published in the *Dublin Gazette* (Section 2 (1)) stating that the Commissioners proposed to acquire the lands mentioned therein and calling upon any persons who were interested in the lands, and who objected to their acquisition, to lodge objections on any of the grounds of objection mentioned in the Act. After the publication of this notice, and under the powers given by Section 2 (3) of the Act, an Inspector was sent to report on the suitability of the land, and the price to be offered for it. Having considered the report and any objections lodged, the Commissioners, if they were of opinion that the lands were suitable to be acquired and that no valid objection had been raised, made an offer for the purchase of the land (Section 2 (4)).

The Commissioners did not, at this stage of the proceedings, list the case for hearing and argument on the objections. They considered that their duty under the Statute was to consider administratively any objections lodged, and that they were not, at this stage, entitled to hear and determine the validity of the objections.

The Statute appeared to require them to consider, as a preliminary to further administrative action and to the making of an offer, the validity of the objections, such consideration to be based only on the statements in the objections and report of the Inspector made with reference to them. When an offer was made under Section 2 (4) for the lands it was open to the parties, if they were unwilling to accept it, to petition (Section 2 (5)), and to have evidence taken and the validity of the objections heard and determined as a judicial matter. From such determination appeals could be taken as provided by the Statute.

If the offer was accepted, the money had to be paid into the Bank (Section 2 (6)) within the prescribed time, and the lands vested in the Commissioners and thus made available for the purposes of the Act.

When a petition had been lodged, it was listed before the Commissioners, who were then bound (Section 2 (7)) to hear and determine it. If the Commissioners decided on overruling the objections and proceeding with the acquisition of the land, it was then open to anyone still objecting to adopt one or other, or both, of the following courses :—

- (a) to appeal to the Judicial Commissioner on the question of price (Section 2 (8)) ;
- (b) to appeal to a Judge of Assize of the County in which the lands are situate, or to a Judge of the King's Bench Division, on any question arising under the provisions of the Act imposing restrictions on the acquisition of land.

Finally, after all these steps had been taken, assuming that the decision, if any, of the Judge of Assize or of the King's Bench Division was not adverse to the Commissioners, they were empowered to acquire the lands (Section 2 (14)) and to pay the purchase money. This procedure appeared to the Commissioners to be consonant with the wording of the Act, and to involve no possible risk of injustice to anybody interested in the lands.

In *Hind's Estate* (43 I.L.T.R. 75), after the publication in the *Gazette*, the owner lodged a number of objections to the acquisition of the lands. After considering these objections along with their Inspector's Report in the manner stated above, the Commissioners made an offer for the lands. Immediately after this offer was made, and without lodging any Petitions, the owner appealed to the Judge of Assize, and the Judge of Assize (Lord Justice Holmes) decided that the making of the offer amounted to a determination on the objections lodged, and so entitled the party aggrieved to appeal to the Judge of Assize or the King's Bench Division under Section 2 (11) of the Act without the lodging of any Petition.

The result of this decision is two-fold :—

If the Commissioners hear and determine the validity of objections lodged prior to their offer, their determinations are open to appeal to the Judge of Assize or the King's Bench Division, and if the decision on the Appeal is not adverse to the Commissioners and they make an offer, there is apparently nothing to prevent the parties proceeding to litigate the matter all over again on a Petition subsequently lodged. Such a procedure, apart from the loss of time involved, entails an expenditure for costs and witnesses' expenses out of all proportion to the result proposed to be attained, and as all costs and expenses necessarily and properly incurred by any person in respect of a Petition, hearing, or Appeal under the Act, have to be defrayed out of the Parliamentary Vote for the Land Commission, there is every encouragement to protracted and unnecessary litigation.

Further, if the Commissioners make an offer, as appears to be contemplated by the Statute, without first formally hearing and determining the objections, and an appeal is taken, the objections are heard and determined by the Judge of Assize or of the King's Bench Division, and witnesses examined for the first time, the Judge of Assize or the King's Bench Division being thus constituted a court of first instance, instead of an

appellate tribunal; in other words, the administration of the Act is transferred from the Estates Commissioners to the Judge of Assize or the King's Bench Division. However, in view of the decision in this case, the Commissioners are of opinion that, notwithstanding the extra expense and loss of time involved, it will be necessary in future, before proceeding to make the offer, to list the objections, when lodged, for argument and the hearing of any evidence that may be offered.

Another important question as to the validity of the procedure adopted by the Commissioners was raised in the same case, *Rex (Hind's) v. the Estates Commissioners* (43 I.L.T.R. 82). The objection was made that the Commissioners were not entitled to acquire the lands seeing that, before publishing the notice in the *Gazette*, which, according to Section 2 of the Act, appears to the Commissioners to be the first step to be taken, the Commissioners had not made a preliminary offer to purchase the land voluntarily, and an application was made to the King's Bench Division for a writ of prohibition to prevent the Commissioners from acquiring the lands. The case was heard by three Judges of the King's Bench Division, two of whom decided, the third dissenting, that the procedure adopted by the Commissioners was correct, and that it was not necessary for them to make a preliminary offer prior to publishing the notice in the *Gazette*. In the *Clanricarde Estate* the same question was raised in the Court of Appeal. In that case the Commissioners had made an offer for the purchase of the land. The owner lodged a petition pursuant to Section 2 (5), and asked that the lands should not be acquired without further consideration. The petition was listed before the Commissioners and evidence heard in support of it, but before the Commissioners had concluded the hearing or given any determination on any of the matters before them for decision, as Section 2 (7) requires them to do, the owner applied to the King's Bench Division for a writ of prohibition to prevent the Commissioners proceeding further with the acquirement of the lands. The King's Bench Division decided by a majority in favour of the owner, and the Commissioners appealed to the Court of Appeal. As in the cases already mentioned, the members of the Court differed as to the true construction of the Act. The Lord Chancellor was of opinion that a preliminary offer before the date of the *Gazette* notice was not necessary; Lord Justice FitzGibbon, on the other hand, held that it was; and Lord Justice Holmes, the third member of the Court, refused to decide the point as he decided on other grounds that the writ should issue. The judgments of the members of the Court of Appeal in this case have thus thrown doubt on the validity of the decision of the King's Bench Division in *Rex (Hind's) v. the Estates Commissioners* referred to above. The Commissioners, however, are of opinion that the decision of the King's Bench Division is still binding on them.

In this connection it may be observed that the Statute does not give the Commissioners power to inspect the lands for the purpose of making an offer until after the lands have been gazetted, and if it is now decided that a preliminary offer must be made before the lands are gazetted, the Commissioners will have no power to enter upon the lands to make an inspection of them before making the preliminary offer, and their preliminary offer would be merely guess work, and though mere guess work based on no evidence, would be subject to appeal.

The Amending Act of 1908 provided that lands could be acquired where the new tenants consented in writing to the compulsory acquisition of the lands, and in the *Clanricarde Estate* the new tenants signed consents to their holdings being acquired compulsorily in consideration of their being paid by the Commissioners a specific sum which the Consents recited they were willing to accept. The Commissioners were willing to give these sums, but the Court of Appeal has decided that such consents were not in sufficient compliance with the provisions of the Act, but were "merely expressions of willingness to take certain sums of money for certain holdings." The Commissioners are of opinion, having regard to their experience in dealing with the new tenants or "planters" on the estate, that no such tenant of his own free will can be expected to consent to his holding being compulsorily acquired without having first come to an agreement as to the amount or method of compensation to be given to him in lieu of his holding.

Further, in the *Clanricarde* case, it appeared from the evidence given on behalf of the landlord, that the holdings of the new tenants do not correspond with the holdings of the original tenants. On the eviction of the latter the holdings were amalgamated and, along with other land which had not been evicted, were divided into new holdings for the new tenants, and the owner contended that, even with the consent of the new tenants, the Commissioners could only acquire under the Act the holding as it originally stood, and then only to reinstate therein the tenant originally evicted, and if he had since died the Commissioners had no power to acquire the holding for his representative.

In the result the Court of Appeal decided that, having regard to the facts disclosed, a Writ should issue prohibiting the Commissioners from proceeding further in the case, the Commissioners being thus deprived of the power of determining the matters arising on the Petition.

In view of the foregoing circumstances, and the decision of the Court of Appeal, the Commissioners have decided that it would be impossible to proceed under the provisions of the Evicted Tenants Act, with any hope of success, for the compulsory acquisition of the evicted lands on the Clonricards Estate, and are taking steps to provide the evicted tenants with holdings elsewhere so far as they can do so. They have already provided 22 evicted tenants from this estate with other holdings.

It may further be mentioned that in the estate of David E. Young (43 I.L.T.R. 18) it was decided that lands in an owner's own hands are "tenanted lands" if held by him under one of the classes of fee farm grants or long leases which technically create the relationship of landlord and tenant. The result of this decision is that while owners can sell lands so held as untenanted land to the Commissioners under the voluntary provisions of the Land Purchase Acts and get the bonus thereon, such lands cannot be acquired compulsorily by the Commissioners under the Evicted Tenants Act as untenanted land for the purposes of that Act. A very large area of the land in Ireland is held under fee farm grants, or long leases of this kind, and as a result of the decision in Young's Estate the powers of the Commissioners to acquire untenanted lands for evicted tenants are much more restricted than was originally supposed and they have had to abandon proceedings for the acquisition of 2,247 acres of untenanted land in the occupation of persons who would be entitled to sell such lands as owners under the Irish Land Act, 1903, and get a bonus thereon and who in some cases had actually proposed to sell them as part of their estate.
